Address Book
Hard Working Zinnias

Name _____
Address _____
Phone _____

Visit us at www.bobbin-olive.com for
more notebooks and journals.

Address books often need editing and upgrading so consider these lovely options from Bobbin-Olive Productions. The original floral watercolor art is fresh and uplifting and will set the tone for your session of weeding and writing.

Keeping current with addresses and contact numbers will simplify your life and make certain your important communication gets to its intended recipient.

With our busy, changing lives, it's easy to lose track of addresses and other contact information for our loved ones and friends. So, out with the old and bring in the new address book. You'll be glad you did because keeping in touch is vital to ensuring those links remain strong. It only takes a little while to bring your information up to date.

This sparkling new address book will not only give you easier access to crucial information but with their pretty covers, generous spaces for writing and fresh, white stock it will boost your morale. It feels good to know you've organized this aspect of your life, so check that off your "to do" list.

Address books often need editing and upgrading so consider these lovely options from Bobbin-Olive Productions. The original floral watercolor art is fresh and uplifting and will set the tone for your session of weeding and writing.

Keeping current with addresses and contact numbers will simplify your life and make certain your important communication gets to its intended recipient.

With our busy, changing lives, it's easy to lose track of addresses and other contact information for our loved ones and friends. So, out with the old and bring in the new address book. You'll be glad you did because keeping in touch is vital to ensuring those links remain strong. It only takes a little while to bring your information up to date.

This sparkling new address book will not only give you easier access to crucial information but with their pretty covers, generous spaces for writing and fresh, white stock it will boost your morale. It feels good to know you've organized this aspect of your life, so check that off your "to do" list.
